Dear Pilots,

Let us introduce you to our 2014 Eurotour Season! Of course we hope to see as many of you at our starting lines. Below you will find dates, locations, our categories and much more.

This year we will have 2 cups and one Final.

Our EUROTOUR FINAL is where we hand out the European titles and will take place during one midweek (Wednesday-Sunday). Like previous years the European Freestyle Competition is also held during this championship. Run Pro Gp and Ski Pro GP will race for their European title during the 2 cups and Final round (9 motos) all other categories will race 3 motos during our EUROTOUR FINAL.

The Euro cups with award ceremony at the end of the weekend will be held during a long weekend ( Friday-Sunday). There will be fewer categories during this weekend as we are limited in time.

## **IMPORTANT INFORMATION**

We like to remind all pilots that every pilot needs to have a race license from their own country. A **valid** IJSBA or UIM license will enter you in our competition.

Every rider needs to buy a **mandatory** European IJSBA license (except freestyle riders) But those Freestyle pilots still need a national license.

Pilots who enter more than 1 class will pay the most expensive class plus an additional 50 euro for each other class they enter.

All fees need to be paid in cash during inscription hours.

Riders with no valid national race license will not be allowed to make inscription at our competitions.

## **Contact Information:**

Peter De Smet or Deborah Holtzer
